## Majestic Earth™ Resolution PM™

Item #213207

Resolution PM™ is an all-natural dietary supplement that does not contain stimulants such as ephedrine or caffeine. With any weight loss program, it is vital that you drink a minimum of eight to ten glasses of water per day. Exercise is important to tone our muscles; but at the same time, if you don't get all 90 nutrients, exercise can be detrimental. Sugar and carbohydrates convert to fat more readily in your body therefore we recommend that you increase the amount of protein and decrease the amount of sugar and carbohydrates in your diet.
